

## Leadership Training:

Finally, we have also started the leadership training. This training course was provided by Global Lead but they don't support financially. They just provide training for training director and master copy of training course. So please pray for this training. This time we had requested for all the pastors so most of them are taking this course. Including pastors 31 of them are taking this training. In the first meeting, Pastor Nakul Tamang taught them about the "foundation of leadership." They meet ones a month for a day and practice it and meet next month for next chapter. They will be meeting six times so it will be finishing on October or November. We have collected Rs. 1500 per person for photocopy of the book, transportation for the teachers and food for every meeting. It will be not enough for all the training expenses please pray for God's provision as well.

Thanks a lot for your prayer, partnership, love and support. May God bless you all!!!
